

## CHARTER GUIDELINES

### Application Process

Transdev Sydney Ferries (TDSF) requires all people and entities who wish to charter a Ferry to complete the attached Application and submit to TDSF Commercial via email at [tdsf.financeandcommercial@transdev.com.au](mailto:tdsf.financeandcommercial@transdev.com.au) for approval.

We request all applications to be submitted at least 14 business days prior to the proposed charter date with a corresponding Public Liability Insurance Certificate of Currency to a value of minimum \$20 million (AUD).

TDSF will reply in writing within 5 business days of the request received.

Note: Any request within 10 business days of charter will attract an extra fee of \$2,000.

The charterer will need to enter into a "Vessel Charter Agreement" to confirm the charter.

### Restrictions

No Alcohol is NOT permitted to be consumed on our vessels. Other beverages and catering may be allowed but will require prior approval.

Due to the increased demand on services during the summer period, Transdev City Ferries may not process any charter requests during mid-December to end of January.

The charter can be cancelled due to weather conditions being hazardous to navigation preventing any Charter Vessel from proceeding out of Sydney Cove or, if a Charter Vessel is already on the waters of Port Jackson, requiring that Charter Vessel to come alongside such other point at which the Charter Vessel can be safely secured.

### Fees

All prices will be charged in \$AUD and will be GST exclusive. The charter fee will depend on the vessel type and duration required.

Period	Fees (GST ex)
Up to 1 hour	AUD \$5,000
1 - 2 hours	AUD \$8,000
2 - 4 hours	AUD \$12,000
4 - 6 hours	AUD \$16,000
6 - 8 hours	AUD \$20,000
