
Light rail

L4 Westmead & Carlingford Line maintenance works

From Saturday 10 January to Monday 12 January

What we are doing

To maintain network safety, service reliability and to reduce the need for ongoing maintenance, we will be undertaking track maintenance on the network.

How this affects you

Noise and traffic impact

- Work will take place from **2am Saturday 10 January until 5am Monday 12 January 2026**.
- Residents and retailers may hear noise associated with the use of vehicles, cranes, generators, and tools to complete the work.
- Work may take place on adjacent footpaths, at intersections, on cross streets and side streets around the area.
- Floodlights may be used but directed away from residential areas.
- Workers may access the site before and after the works period to setup and remove equipment.
- While workers will park their vehicles inside the rail corridor where possible, please be aware that on-street parking may be limited near the worksite.

We understand these works can impact you and your neighbours, and would like to thank you for your patience and cooperation in helping us ensure the safety of the community.

The NSW Environment Protection Authority will be notified of these works.

L4 Westmead and Carlingford Line weekend full closure due to maintenance

On **Saturday 10** and **Sunday 11 January**, L4 Westmead and Carlingford Line light rail services will not run due to planned trackwork and maintenance works.

During this time, use alternative transport including **L4 replacement bus services**, trains, regular bus services or walking if able to between **Westmead** and **Carlingford**.

Allow extra travel time, and use the Trip Planner to see if your travel is affected.

All information is correct at time of printing and may be subject to change. Visit transportnsw.info regularly for service change updates.
